Frequently Asked Questions

01

Benefits of Joining a CCA

There are many benefits! Finding fellowship with like-minded people, networking with peers from different diploma courses, getting opportunities to go on fantastic experiences - the list goes on!

But the most practical one is that your CCA transcript shows university admission officers, scholarship panels, and prospective employers the teamwork, leadership, and problem-solving skills you possess.

02

Are CCAs compulsory?

No, they aren't. However, we highly recommend you join one. They equip you with vital life-skills and practical experiences that enhance your resume - with which you can apply for university, scholarships, or that dream job.

03

Where can I find out more about NYP's CCA offerings?

NYP offers more than 80 CCAs.

Find out more about our CCAs here: https://for.edu.sg/nypcca, or follow us on our Instagram page @nypstudentlife for the latest events and happenings.

Frequently Asked Questions

04

Can I join more than one CCA?

Yes.

Many of our learners participate in two or more CCAs. The key to balancing studies and CCAs is good time management.

CCAs are a great way to have an enriching and balanced student life. They allow you to meet peers with the same interests, as you come together to develop your talents, interests, and skills.

In addition, we have something called the Student Life Academy. It **complements** CCAs. SLA offers a series of enrichment activities like Lunchtime Talks, Learn to Play series, Life Skills Workshops, Projects-by-Students-for-Students, E-Tastic videos/podcasts, and Learning Journeys, all of which are open to anyone to participate in.

05

Can I join a CCA mid-semester?

Yes and no, it depends on the nature of each CCA.

While some CCAs require learners to go through a selection process such as auditions, interviews, try-outs, others welcome members for ad-hoc projects and events.

However, CCA points will only be awarded to members who fulfill the minimum attendance of 80% or more.

Have a burning question that's not answered above? Drop us an email (NYP_Student_Development@nyp.edu.sg) and we'll get back to you shortly!
